McKINNEY

Mrs. John Montgomery, who has been quite sick, is improving.

Mrs. Grace Wilcher is able to be out again after several days' serious illness.

We hope the "hicker" nuts will not be killed by the cold weather we are having.

Mr. D. V. Kennedy and wife are guests of his sister, Mrs. Lizzy Myers for a few days.

Mr. J. H. Walker has returned home from a few days' visit with relatives at Danville.

Mr. Tom R. Meadows, one of our progressive farmers, who has been quite ill is out again.

Dr. C. B. Creech, of Middleburg, left a bouncing ten-pound son to reside with Mr. and Mrs. Louie Davidson on April 29th.

His many friends are glad to see Dr. J. C. Kelly out again after several days' illness. The doctor was greatly missed by his numerous patients.

There is less bootlegging in this vicinity at present than has been known for years. We consider this due to the team work of our city fathers.

A certain party in our town has been caught on two different occasions in a very embarrassing position, one in the Geneva section and again in the Green River Ford section. The grand jury will not doubt be called on to investigate and decide on the case.

Leslie J. Baugh has passed the examination at Louisville, and is now a full fledged soldier in Uncle Sam's State Guards. He will probably be located for the present guarding railroad bridges. Mr. Baugh volunteered his services to his country which is a very commendable act.

The oil well question is topic here and indications are that drilling will soon be in operation. The Daniel Boone Oil Co., has consigned to them a steam drill outfit placed here on a car ready for unloading. We understand the first well will be drilled about two miles south of this place on Green River.

Wallace Hughes, little son of Mr. and Mrs. W. H. Hughes, is progressing excellently after his miserable suffering with a broken limb. The little fellow was compelled to have his limb re-broken on account of the ugly shape it was left in. Dr. Childress, of Hustonville, was summoned to take charge of the re-breaking.

Our city fathers met last Thursday night. There was nothing of importance brought before the meeting with the exception of the tax question. Practically every one has paid. There is no use trying to dodge this as it only causes extra work for the tax collector. Mr. Z. P. Smith, our city marshal and tax collector, is the right man in the right place and is experiencing very little trouble in collecting from the people who are worth while. Of course there are always a few Jonas who try to dodge the law, but such fellows' hat or coat caught off their bodies is not exempt.

HIGHLAND

Notwithstanding the cool weather which he have had for some days our farmers still continue planting corn early.

While playing with a pistol yesterday, David, the ten-year-old son of L. S. Warfield, was shot in the thigh. Dr. C. M. Thompson, of King's Mountain, was called and dressed the wound.

Mr. Will Jenkins and wife and babies, of near Harrodsburg, spent several days with the parents of Mrs. Jenkins.

Mrs. Smith Faulkner and son, Ross, have returned from a visit to her relatives at Ludlow.

T. D. Williams, who works in Cincinnati, was at home for a few days with his family last week.

Goebel Jones, of Piqua, O., spent several days with his friends here.

Mr. and Mrs. E. G. Baugh, of Danville, were here Sunday to attend services at the Methodist church. Mr. Baugh will stay over this week and cover his barn.

Mrs. Muriel Acton Hatfield has returned from a visit to her aunt, Mrs. Lena Butt at Crab Orchard.

C. M. Young went to Louisville last week to see his brother-in-law, James T. Light, who is in a serious condition with rheumatism of the heart. He also visited his son, Rev. E. E. Young at Elizabeth, Ind., spending one night with his family.

Mrs. J. M. Cook, who has been with her daughter, Mrs. Cora Butt for some time, has improved in health so much as to be able to come back to her home again.

CREAM SUPPER AT C. O. The members of the Crab Orchard Christian church will give a strawberry and ice cream supper at the school building on the evening of May 14. All members of the church are asked to contribute something to come.

DIRECT TAXES OF \$33 EACH

The war tax bill, extending its ex-cises to the fabric of every American home, formally was presented to the House Wednesday by the Ways and Means committee, with plans for quick passage.

As a foretaste of what may come later, it proposes special taxes to raise \$1,800,000,000, in addition to the present normal annual revenue of \$1,000,000,000. When its terms are effective, the American people will be paying direct taxes of \$33 for each person. The people of the British Isles—half as many—pay taxes of \$60 for each person.

While the principal features of the new war levy are the increases in income and profits taxes, increases in internal revenue rates, and increases of customs duties, many of its provisions reach the innermost structure of every home and make up a list of taxes, probably the most formidable ever faced by the American people.

The household light, heat and telephone bills, admission tickets of amusements, fire and light insurance, railway tickets, automobiles, automobile tires and tubes, soft drinks, postage rates, golf clubs and base ball bats, club dues and a host of other every-day necessities or luxuries come under the taxation.

Increased postage rates on newspapers, arranged in a zone system, are such that publishers say will force many newspapers out of business. Protests against many features of the law are pouring in, and attacks on it will center in the Senate Finance committee, which will conduct public hearings on it and probably make some amendments.

There is some objection to hurrying the bill, and it probably will not be passed until the early part of next week.

LAST SAD RITES

The last sad rites of Mrs. H. C. Rupley, whose death was told of in Tuesday's Interior Journal, occurred Tuesday morning when her pastor, Dr. W. D. Welburn preached her funeral at her late home on Logan avenue. The remarks were very appropriate and touching and must have carried comfort to the hearts of those whose loss has been so great. Some of Mrs. Rupley's favorite songs were sung by a quartette composed of Misses Josephine Carpenter and Minnie Straub and Dr. Welburn and Mr. J. C. McClary. After the services the remains were taken to Harrodsburg and laid to rest. The following gentlemen acted as pall bearers: Messrs. T. D. Newland, Sr., J. N. Menefee, Sr., E. T. Pence, Sr., J. O. Newland, J. A. Allen and W. P. Kincaid. Quite a number of friends of the family accompanied the body to its last resting place.

WILLING TO SERVE

Mr. George P. Bright, who served valiantly in the Civil War as a soldier under Forest, tells the I. J. that his services are at the disposal of his country now or at any other time he is called. He, of course, could not shoulder a gun and do much fighting in the trenches, but he is willing to do whatever he can in these perilous times that would rebound to the interest of his country. The suggestion is made that old soldiers be selected to act as registrars when the work of drafting for the army begins. Mr. Bright will gladly serve in that capacity and asks no remuneration for his services. If enough old vets could be gotten to do the work that way a big saving to the government would be made and at the same time the work would be well done.

THE CHAUTAUQUA MAY 27-31

The Interior Journal is glad to state that season tickets to the Chautauqua at Stanford May 27 to 31, inclusive, are going rapidly and the prospect for a big crowd at each session is exceedingly good. Stanford people and those surrounding realize the big saving that is made by buying season tickets and they are getting them. Everything points to a successful Chautauqua and the delightful season is looked forward to with pleasure by people generally. If the weather is good the crowds that will attend the Chautauqua this year will break the good record made a year ago. Let us join in the hope that the weather man will do his best.

AGED PREACHER DEAD

Rev. J. T. Chastaine, one of the oldest ministers in the county, died at his home near Turnersville and was buried in the Campbell cemetery near McKinnay at 2 o'clock Wednesday afternoon. The old gentleman had been in very feeble health for a long time and his death was expected. For years he had been a Baptist preacher and had held a number of charges during his career. He was a clever man and a good citizen and will be missed in the neighborhood he had lived so long. He was 72 years old and is survived by his wife.

MISS COOPER ENTERTAINS

Bruce, Mrs. Bessie McKinnay, Miss Kate Raney, Miss Levis Harris, Miss Sue Taylor Engleman, Miss Nancy Yeager and Miss Mary Burdette.

TURNER GETS TWO YEARS

Frank Turner, who used to live in Lincoln county, but moved to Richmond some years ago, was tried in the Madison circuit court this week on the charge of stealing a steer and was given two years in the reformatory. It was proven that he stole the steer out of the pasture of a man named Tudor. He sold the hide to M. Wides, of that city, and Tudor, playing the role of detective, caught on to the game. Turner has served a term at Frankfort for hog stealing and is a bad egg in more ways than one.

PROF. CANEER TO STANFORD

Prof. M. L. Caneer, principal of the Richmond High School, formerly superintendent of Lancaster schools, has been elected superintendent of Stanford schools. It is gratifying to Prof. Caneer's friends in Lancaster to know of his having landed the Stanford superintendency. We congratulate Stanford on securing the services of this splendid man as superintendent of her schools.—Lancaster Record.

CHANCELLOR'S FILLY WINS

Hasty Cora, a good filly owned by George E. Chancellor, son of Mr. and Mrs. Bedell Chancellor, of this county, won the first race at Lexington Tuesday in great shape. \$2 bets won \$23 and the owner is said to have played his entry heavily. Several of Mr. Chancellor's friends were on the "good thing." Mr. Chancellor's Ophelia W. won Wednesday, paying \$12.90 on \$2.

ONLY SEASON TICKETS COUNT

The Woman's Club, which brings the Chautauqua to Stanford May 27 to 31, is using its every endeavor to sell season tickets and \$800 worth of them have to be disposed of before they can pay out. The money taken in at the door will go to the Chautauqua people. The ladies have to raise \$800 and the season tickets compose the only revenue for them.

Will you help them? Stanford people do not lag at any time and especially will they come up like men when they know that the success of the coming event will depend on them making good their pledges to take season tickets. The contract with the Chautauqua people was made on the belief that those who had signed the cards taking tickets would pay for them. The Interior Journal believes they will do so. Last year the ladies got half of the money taken in at the tent door, but they are getting a much better program, one costing a great deal more, and were unable to make as good a contract this year as last.

HANDSOME STATEMENT

That was a handsome statement the Lincoln County National Bank sent out to its patrons and friends this week, and it was also a mighty good one, showing that institution to be in a splendid condition. The U. S. flag ornaments the first page of the statement and below it the announcement is made that subscriptions are received by the bank for the Liberty Loan of 1917. The bank was never in better condition than now, with interest-bearing accounts amounting to \$535,162.18. The deposits are \$348,789.46. A statement of the Lincoln Trust Co. also appears in the folder. That institution is just a year old and has made rapid strides. It has loans far in excess of its capital stock and is in every way in a most satisfactory condition.

POSTPONEMENT DESIRED

An effort is being made to get Judge Charles A. Hardin to postpone the May term of the Lincoln circuit court, which is set for May 28th, until a week later, June 4th. Two good reasons are given, the best of which is the circuit court room will not be ready for occupancy by May 28th, but it is believed that it will be a week later, and another is that it will conflict with the Chautauqua, May 27th to 31st, inclusive. Many of the attorneys and others who desire to attend each session of the Chautauqua would be deprived of the pleasure. It is hoped that Judge Hardin will grant the request and the Interior Journal is certain that he will unless he has some good reason not to do so.

LAYING UP FOOD SUPPLIES

A Stanford merchant told the I. J. yesterday that he had sold more goods in the past month or so than in years; that people are buying sugar and flour by the barrel who formerly got it in small sacks. He thinks, and very likely he is right, that they are laying up the food supplies, fearing the scarcity that is predicted will pinch them. Whether or not that scarcity will come, those who are buying now are seemingly making good investments for foodstuff, like everything else, is getting higher and higher daily and there's no telling where it will stop.

TOO LIGHT TO GET IN

Jack McCreary, who finished a jail sentence for disturbing religious worship and in 30 minutes enlisted under a recruiting officer who was here, was taken to Louisville for examination. He was three pounds too light for his height and could not get in Cub Holmes, who is in jail for the same offense. McCreary was, says he will join Uncle Sam's army if given his liberty and he may be given it. He has about 15 days more to serve.

HELP OVER TO BIG COURT

Miss Cleatie Kidd was tried in Judge J. P. Bailey's court Thursday on the charge of trespassing on the land of John Bourne and was held over to circuit court. Curt Jerkey was tried on a writ sworn out by Dave Christopher charging that the former's cattle had done him damage by being permitted to run out. He was acquitted on the grounds that there is no stock law in the district.

MR. ELMORE SUFFERS FALL

The aged Mr. M. D. Elmore had the misfortune to fall from the counter he was sitting on in his store Tuesday night and severely hurt himself. The leg that was badly hurt some months ago caught the weight of the fall and was hurt over. Dr. Peyton says the splendid old gentleman is in a right bad fix, but that he hopes and believes that he will be able to pull through.

KILLING THE CALVES

There were 7,450 calves on the Pittsburg cattle market last week. Butchering these young things will have a tendency to make meat higher, as well as reduce the already small number of cattle in the U. S. It is little less than a crime to kill calves at this stage of the meat game.

MEASLES LEADS TO DEATH

Woodrow Lewis, the four-year-old son of Mr. and Mrs. Charley Lewis, of the Highland section, died Wednesday afternoon of pneumonia. He had an attack of measles and pneumonia followed with fatal results. The burial occurred in the Methodist church burying ground Thursday afternoon.

COLORED S. S. ATTENDANCE

The attendance at the colored Baptist Sunday school Sunday was 131; at the Methodist it was 58 and at the Christian 54. The raw day materially interfered with the crowd.

The loan will be advanced at the rate of \$12,500,000 a month, of which \$7,000,000 will be available for relief in Belgium and \$5,000,000 for relief in Northern France.

An armed American liner fired six shots at a submarine on May 2 off the coast of Ireland. The U-boat disappeared after the first shot, but it is not known whether the undersea boat was hit.

A decrease in British vessels sunk by submarines is shown in the report for last week, when only twenty-four were sent down.

The Federal Shipping Board bought from American owners seven Austrian merchantmen, totaling 52,651 tons, for \$6,778,000.

Kentucky has 202,000 men between the ages of 21 and 30, inclusive, who will be subject to draft if the army conference report adopted today is ratified by the House and Senate. There are about 10,027,300 men of these ages in the United States.

It will be virtually impossible for county and city registration boards to exercise favoritism in enrolling soldiers under the selective draft act, according to a statement issued by Provost Marshal Gen. Crowder. Officials are warned that any attempt to do so will be punished.

S. H. S. GETS HER SHARE The annual high school tournament which is held at Lexington, is taking place this week. Heretofore Stanford has been well represented in the events and this year the local contestants are performing their parts very creditably. Miss Belle Russell and Miss Nellie Wilson Hill, who went from here to enter in the vocal matches, were awarded the first place, for a duet. Both of these young ladies have excellent voices and their ability was soon recognized.

Miss Russell has a high soprano voice, while Miss Hill's is a beautiful alto. Miss Russell also secured third place in a solo. These accomplishments are generally appreciated by the whole school and all are very grateful to them for their achievements. Thursday night, the boys' declamatory contest was held when Ferdinand Matheny represented S. H. S. Lawrenceburg, Louisville, and Lancaster finished in the order named, while Stanford's representative was fourth and while Mr. Matheny got no medal for his place, medals being awarded to only the first three, still he made a good showing and his efforts are appreciated by all. Miss Frances Embury played the accompaniments for the singers and helped them greatly to win their medals.

Miss Higgins, who is the vocal music teacher of the school, went with her pupils and much credit is to be given to her for her untiring efforts in preparing for the tournament. Both Miss Hill and Miss Russell and also Mr. Matheny are among the graduates this year and it is sincerely hoped that S. H. S. will be as well represented in the future as before.

MRS. HUMBLE'S BURIAL The remains of Mrs. Rachel Humble, mention of whose death appeared in Tuesday's paper, occurred at Perryville Wednesday afternoon. Rev. Overstreet, pastor of the Presbyterian church of that city, preached a splendid funeral sermon, after which the remains were laid to rest in the cemetery there. A large audience attended the service and accompanied the remains to their last resting place. Pall bearers from Mrs. Humble's old home at Perryville were chosen.

TRACTOR PLOWS WORKING The Junction City Lumber Co., agent for Madison, Boyle, Casey, Garrard and Lincoln counties for the B. F. Avery & Co. Tractor Plows, is demonstrating their usefulness near Junction City today and tomorrow and invites the farmers from all sections to come and see the good work that is being done with them. Two of the plows are in operation and soil is being turned in a hurry.

Herbert C. Hoover, in a statement issued last night, declared that with control present food prices may be greatly reduced, but that if the situation is left open to the speculators further advances must be expected. Mr. Hoover is suggested as American food controller.

MCKINNEY

Mrs. John Montgomery, who has been quite sick, is improving.

Mrs. Grace Wilcher is able to be out again after several days' serious illness.

We hope the "hicker" nuts will not be killed by the cold weather we are having.

Mr. D. V. Kennedy and wife are guests of his sister, Mrs. Lizzie Myers for a few days.

Mr. J. H. Walker has returned home from a few days' visit with relatives at Danville.

Mr. Tom R. Meadows, one of our progressive farmers, who has been quite ill is out again.

Dr. C. B. Creech, of Middleburg, left a bouncing ten-pound son to reside with Mr. and Mrs. Louie Davidson on April 29th.

His many friends are glad to see Dr. J. C. Kelly out again after several days' illness. The doctor was greatly missed by his numerous patients.

There is less bootlegging in this vicinity at present than has been known for years. We consider this due to the team work of our city fathers.

A certain party in our town has been caught on two different occasions in a very embarrassing position, one in the Geneva section and again in the Green River Ford section. The grand jury will no doubt be called on to investigate and decide on the case.

Leslie J. Baugh has passed the examination at Louisville, and is now a full fledged soldier in Uncle Sam's State Guards. He will probably be located for the present guarding railroad bridges. Mr. Baugh volunteered his services to his country which is a very commendable act.

The oil well question is topic here and indications are that drilling will soon be in operation. The Daniel Boone Oil Co., has consigned to them a steam drill outfit placed here on a car ready for unloading. We understand the first well will be drilled about two miles south of this place on Green river.

Wallace Hughes, little son of Mr. and Mrs. W. H. Hughes, is progressing excellently after his miserable suffering with a broken limb. The little fellow was compelled to have his limb re-broken on account of the ugly shape it was left in. Dr. Childress, of Hustonville, was summoned to take charge of the re-breaking.

Our city fathers met last Thursday night. There was nothing of importance, brought before the meeting with the exception of the tax question. Practically every one has said there is no use trying to dodge this as it only causes extra work for the tax collector.

Mr. Z. P. Smith, our city marshal and tax collector, is the right man in the right place and is experiencing very little trouble in collecting from the people who are worth while. Of course there are always a few Jonas who try to dodge the law, but such fellows' hat or coat caught off their bodies is not exempt.

HIGHLAND

Notwithstanding the cool weather which he have had for some days our farmers still continue planting corn etc.

While playing with a pistol yesterday, David, the ten-year-old son of L. S. Warfield, was shot in the thigh. Dr. C. M. Thompson, of King's Mountain, was called and dressed the wound.

Mrs. C. M. Young has been quite ill for the past ten days.

DIRECT TAXES OF \$33 EACH

The war tax bill, extending its ex-istence to the fabric of every American home, formally was presented to the House Wednesday by the Ways and Means committee, with plans for quick passage.

As a foretaste of what may come later, it proposes special taxes to raise \$1,800,000,000, in addition to the present normal annual revenue of \$1,000,000,000. When its terms are effective, the American people will be paying direct taxes of \$33 for each person. The people of the British Isles—half as many—pay taxes of \$60 for each person.

While the principal features of the new war levy are the increases in income and profits taxes, increases in internal revenue rates, and increases of customs duties, many of its provisions reach the innermost structure of every home and make up a list of taxes, probably the most formidable ever faced by the American people.

The household light, heat and telephone bills, admission tickets of amusements, fire and light insurance, railway tickets, automobiles, automobile tires and tubes, soft drinks, postage rates, golf clubs and base ball bats, club dues and a host of other every-day necessities or luxuries, come under the taxation.

Increased postage rates on newspapers, arranged in a zone system, are such that publishers say will force many newspapers out of business. Protests against many features of the law are pouring in, and attacks on it will center in the Senate Finance committee, which will conduct public hearings on it and probably make some amendments.

There is some objection to hurrying the bill, and it probably will not be passed until the early part of next week.

LAST SAD RITES

The last sad rites of Mrs. H. C. Rupley, whose death was told of in Tuesday's Interior Journal, occurred Thursday morning when her pastor, Dr. W. D. Welburn preached her funeral at her late home on Logan avenue. The remarks were very appropriate and touching and must have carried comfort to the hearts of those whose loss has been so great. Some of Mrs. Rupley's favorite songs were sung by a quartette composed of Misses Josephine Carpenter and Minnie Straub and Dr. Welburn and Mr. J. C. McClary. After the services the remains were taken to Harrodsburg and laid to rest. The following gentlemen acted as pall bearers: Messrs. T. D. Newland, Sr., J. N. Menefee, Sr., E. T. Pence, Sr., J. O. Newland, J. A. Allen and W. P. Kincaid. Quite a number of friends of the family accompanied the body to its last resting place.

WILLING TO SERVE

Mr. George P. Bright, who served valiantly in the Civil War as a soldier under Forest, tells the I. J. that his services are at the disposal of his country now or at any other time he is called. He, of course, could not shoulder a gun and do much fighting in the trenches, but he is willing to do whatever he can in these perilous times that would rebound to the interest of his country. The suggestion is made that old soldiers be selected to act as registrars when the work of drafting for the army begins. Mr. Bright will gladly serve in that capacity and asks no remuneration for his services. If enough old vets could be gotten to do the work that way a big saving to the government would be made and at the same time the work would be well done.

THE CHAUTAUQUA MAY 27—31

The Interior Journal is glad to state that season tickets to the Chautauqua at Stanford May 27 to 31, inclusive, are going rapidly and the prospect for a big crowd at each session is exceedingly good. Stanford people and those surrounding realize the big saving that is made by buying season tickets and they are getting them. Everything points to a successful Chautauqua and the delightful season is looked forward to with pleasure by people generally. If the weather is good the crowds that will break the good record made a year ago. Let us join in the hope that the weather man will do his best.

AGED PREACHER DEAD

Rev. J. T. Chastain, one of the oldest ministers in the county, died at his home near Turnersville and was buried in the Campbell cemetery near McKinnay at 2 o'clock Wednesday afternoon. The old gentleman had been in very feeble health for a long time and his death was expected. For years he had been a Baptist preacher and had held a number of churches during his career. He was a clever man and a good citizen and will be missed in the neighborhood he had lived so long. He was 72 years old and is survived by his wife.

Bruce, Mrs. Bessie McKinnay, Miss Kate Ramey, Miss Levis Harris, Miss Sue Taylor Engleman, Miss Nancy Yeager and Miss Mary Burdette.

TURNER GETS TWO YEARS

Frank Turner, who used to live in Lincoln county, but moved to Richmond some years ago, was tried in the Madison circuit court this week on the charge of stealing a steer and was given two years in the reformatory. It was proven that he stole the steer out of the pasture of a man named Tudor. He sold the hide to M. Wides, of that city, and Tudor, playing the role of detective, caught on to the game. Turner has served a term at Frankfort for hog stealing and is a bad egg in more ways than one.

PROF. CANEER TO STANFORD

ONLY SEASON TICKETS COUNT

The Woman's Club, which brings the Chautauqua to Stanford May 27 to 31, is using its every endeavor to sell season tickets and \$800 worth of them have to be disposed of before they can pay out. The money taken in at the door will go to the Chautauqua people. The ladies have to raise \$800 and the season tickets compose the only revenue for them. Will you help them? Stanford people do not lag at any time and especially will they come up like men when they know that the success of the coming event will depend on them making good their pledges to take season tickets. The contract with the Chautauqua people was made on the belief that those who had signed the cards taking tickets would pay for them. The Interior Journal believes they will do so. Last year the ladies got half of the money taken in at the tent door, but they are getting a much better program, one costing a great deal more, and were unable to make as good a contract this year as last.

HANDSOME STATEMENT

That was a handsome statement the Lincoln County National Bank sent out to its patrons and friends this week, and it was also a mighty good one, showing that institution to be in a splendid condition. The U. S. flag ornaments the first page of the statement and below it the announcement is made that subscriptions are received by the bank for the Liberty Loan of 1917. The bank was never in better condition than now, with interest-bearing accounts amounting to \$535,162.18. The deposits are \$348,789.46. A statement of the Lincoln Trust Co. also appears in the folder. That institution is just a year old and has made rapid strides. It has loans far in excess of its capital stock and is in every way in a most satisfactory condition.

POSTPONEMENT DESIRED

An effort is being made to get Judge Charles A. Hardin to postpone the May term of the Lincoln circuit court, which is set for May 28th, until a week later, June 4th. Two good reasons are given, the best of which is the circuit court room will not be ready for occupancy by May 28th, but it is believed that it will be a week later, and another is that it will conflict with the Chautauqua, May 27th to 31st, inclusive. Many of the attorneys and others who desire to attend each session of the Chautauqua would be deprived of the pleasure. It is hoped that Judge Hardin will grant the request and the Interior Journal is certain that he will unless he has some good reason not to do so.

LAYING UP FOOD SUPPLIES

A Stanford merchant told the I. J. yesterday that he had sold more goods in the past month or so than in years; that people are buying sugar and flour by the barrel who formerly got it in small sacks. He thinks, and very likely he is right, that they are laying up the food supplies, fearing the scarcity that is predicted will pinch them. Whether or not that scarcity will come, those who are buying now are seemingly making good investments for foodstuff, like everything else, is getting higher and higher daily and there's no telling where it will stop.

TOO LIGHT TO GET IN

Jack McCreary, who finished a jail sentence for disturbing religious worship and in 30 minutes enlisted under a recruiting officer who was here, was taken to Louisville for examination. He was three pounds too light for his height and could not get in. Cal Holmes, who is in jail for the same offense, McCreary says, says he will join Uncle Sam's army if given his liberty and he may be given it. He has about 15 days more to serve.

HELD OVER TO BIG COURT

Miss Cleatie Kidd was tried in Judge J. P. Bailey's court Thursday on the charge of trespassing on the land of John Bourne and was held over to circuit court. Curt Jerkey was tried on a writ sworn out by Dave Christopher charging that the former's cattle had done him damage by being permitted to run out. He was acquitted on the grounds that there is on stock law in the district.

MR. ELMORE SUFFERS FALL

The aged Mr. M. D. Elmore had the misfortune to fall from his counter he was sitting on in his store Tuesday night and severely hurt himself. The leg that was badly hurt some months ago caught the weight of the fall and was hurt over. Dr. Peyton says the splendid old gentleman is in a right bad fix, but that he hopes and believes that he will be able to pull through.

KILLING THE CALVES

There were 7,450 calves on the Pittsburg cattle market last week. Butcherers these young things will have a tendency to make meat higher, as well as reduce the already small number of cattle in the U. S. It is little less than a crime to kill calves at this stage of the meat game.

MEASLES LEADS TO DEATH

Woodrow Lewis, the four-year-old son of Mr. and Mrs. Charley Lewis, of the Highland section, died Wednesday afternoon of pneumonia. He had an attack of measles and pneumonia followed with fatal results. The burial occurred in the Methodist church burying ground Thursday afternoon.

LATEST WAR

House and Senate Selective Draft Act, passed on a vote of 319 to 10, fixing the age of conscription at 21, exclusive. The House passed the bill on a vote of 319 to 10, and the Senate on a vote of 77 to 19.

The United States has arranged to make a loan of \$75,000,000 to Belgium, which would be expended by the Belgian Relief Commission. The loan will be advanced at the rate of \$12,500,000 a month, of which \$7,000,000 will be available for relief in Belgium and \$5,500,000 for relief in Northern France.

An armed American liner fired six shots at a submarine on May 2 off the coast of Ireland. The U-boat disappeared after the first shot, but it is not known whether the undersea boat was hit.

A decrease in British vessels sunk by submarines is shown in the report for last week, when only twenty-four were sent down.

The Federal Shipping Board bought from American owners seven Austrian merchantmen, totaling 52,651 tons, for \$6,778,000.

Kentucky has 202,000 men between the ages of 21 and 30, inclusive, who will be subject to draft if the army conference report adopted today is ratified by the House and Senate. There are about 10,027,300 men of these ages in the United States.

It will be virtually impossible for county and city registration boards to exercise favoritism in enrolling soldiers under the selective draft act, according to a statement issued by Provost Marshal Gen. Crowder. Officials are warned that any attempt to do so will be punished.

S. H. S. GETS HER SHARE

The annual high school tournament which is held at Lexington, is taking place this week. Heretofore Stanford has been well represented in the events and this year the local contestants are performing their parts very creditably. Miss Belle Russell and Miss Nellie Wilson Hill, who went from here to enter in the vocal matches, were awarded the first place, for a duet. Both of these young ladies have excellent voices and their ability was soon recognized.

Miss Russell has a high soprano voice, while Miss Hill's is a beautiful alto. Miss Russell also secured third place in a solo. These accomplishments are generally appreciated by the whole school and all are very grateful to them for their achievements. Thursday night, the boys' declamatory contest was held when Ferdinand Matheny represented S. H. S. Lawrenceburg, Louisville, and Lancaster finished in the order named, while Stanford's representative was fourth and while Mr. Matheny got no medal for his place, medals being awarded to only the first three, still he made a good showing and his efforts are appreciated by all. Miss Frances Embury played the accompaniments for the singers and helped them greatly to win their medals. Miss Higgins, who is the vocal music teacher of the school, went with her pupils and much credit is to be given to her for her untiring efforts in preparing for the tournament.

Both Miss Hill and Miss Russell and also Mr. Matheny are among the graduates this year and it is sincerely hoped that S. H. S. will be well represented in the future as before.

MRS. HUMBLE'S BURIAL

The remains of Mrs. Rachel Humble, mention of whose death appeared in Tuesday's paper, occurred at Perryville Wednesday afternoon. Rev. Overstreet, pastor of the Presbyterian church of that city, preached a splendid funeral sermon, after which the remains were laid to rest in the cemetery there. A large audience attended the service and accompanied the remains to their last resting place. Pall bearers from Mrs. Humble's old home at Perryville were chosen.

Tractor Plows, is demonstrating their usefulness near Junction City today and tomorrow and invites the farmers from all sections to come and see the good work that is being done with them. Two of the plows are in operation and soil is being turned in a hurry.

Herbert C. Hoover, in a statement issued last night, declared that with control present food prices may be greatly reduced, but that if the situation is left open to the speculators further advances must be expected. Mr. Hoover is suggested as American food controller.

Making Money!

Some men make their money in business—some in stocks—some by toilsome saving of their daily wage. But we submit to you the fact that more men here reached a comfortable competence thru the ownership of property—houses and land which bring in a fixed income—than in any other way.

Business requires your sole attention—stocks means sleepless nights and days of worry—property works by itself for you without your care.

Select it—set it to work—it takes care of itself and will take care of you.

DID YOU KNOW

That statistics show that the population of the United States is doubling about once in every twenty-eight years—and the EARTH is not stretching one bit. People have got to have homes. It is a settled fact that farming lands will never be cheaper and just as sure to go higher as you exist today. Did you know that any way you figure it the renter has always got the hot end of it? Furnish all the teams and everything else, do all the work and for what—at best only one half and often less than this. Did you know that you could easily pay the 6 per cent. interest and get all the crop instead of the one-half that you are now getting and then make more than 100% than you are now making. These are absolute facts.

Don't listen to a professional knocker who is always telling you something that he doesn't know. Use your own common sense and own you a home.

TO AILING WOMEN

A Little Sound Advice Will Help Many A Sufferer In Stanford

No woman should consider herself healthy and well if the kidneys are weak. Poisons that are passed off when the kidneys are well are retained in the body when the kidneys are disordered. If the kidneys and bladder become inflamed and swollen worse troubles may quickly follow. This is often the cause of bearing-down pains, lameness, backache, etc. Urine poisoning is also frequent cause of headaches, dizzy spells, languor, nervousness and rheumatic pains.

When suffering so, try Doan's Kidney Pills, a remedy that has proven effective in thousands of such cases. Let a Stanford woman tell of her experience.

Mrs. E. J. Cooley, Whitley Ave., Stanford, says: "My kidneys were out of order and I felt run down and tired out. I had dull pains in my back and across my loins. The action of my kidneys was irregular. I read of Doan's Kidney Pills and bought some at the New Stanford Drug Co. This medicine soon put my kidneys in good order and relieved other symptoms of kidney trouble."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Cooley had. Foster-Milburn Co., Props., Buffalo, N. Y. 38-1

You Need Not Suffer From Catarrh

You have probably been in the habit of using external treatments to relieve your catarrh. You have applied sprays, washes and lotions to the mucous surfaces of the nose and throat, have been temporarily relieved, and then wondered a short time after, why you were troubled with another attack of catarrh.

You should realize that catarrh is an infection of the blood. This fact has been agreed upon by specialists in catarrh troubles, and has been proven in the laboratories of the Swift

Specific Co. S. S. S., which was discovered over fifty years ago, will cleanse your blood of the catarrhal poisons and will thereby relieve you of the dripping in your throat, the sores in your nostrils, spitting, hawking and bad breath.

There are prospects for an abundant crop of apples. The trees are simply loaded with blossoms and if there are no more killing frosts we will be well supplied with that variety of fruit. Peaches on the bottoms are killed, though the ridges promise a good crop at this writing, so say those who live on the knobs east and south of town.

If we should have a favorable season for potatoes there will likely be a bumper crop raised this year. The crop is being increased at least tenfold in this section and this is said to be the rule all over the country. We hear of a few farmers who will try their hands at raising navy beans also, which will doubtless be a paying crop if the price at which they are selling holds good.

Our report said that he had been arrested and taken to some point in Georgia. Upon investigation we find that there is no foundation whatever for these reports. Mr. Dietz is one of the substantial citizens of the Grove section and is much liked by the better class of people of his neighborhood.

I don't suppose there is a better bred horse in Kentucky than Kentucky Gentleman. He has been one of the most successful horses in the show ring that this county has produced in years. He is just the right size for a saddle horse and his first colts which are four years old now are showing the saddle gait nicely. The auto has put the light driving tent, but you don't have any trouble in selling a saddle horse.

I am going to offer the services of this great horse at the extremely low price of \$15 to insure. I am giving you for \$15 what most men would charge from \$25 to \$40 for.

Do you appreciate it? If so send your best mares to the court of Kentucky Gentleman and let him get you a nice colt.

Mississippi Farm Lands For Sale

Good Quality—Terms Easy

A trip through different sections of the State of Mississippi and an observation of agricultural conditions there has convinced me that it is the place at the present time to secure the best land values at the lowest prices—from \$5 to \$50 per acre, some of them near a city, with six trunk line railroads, and as large as Lexington, Kentucky, where lands are selling at \$300 per acre—by those seeking homes or investments in good farming lands.

Believing that it would be of mutual advantage and profit to those seeking homes or investments in farming lands, at lower prices than are possible in this section of Kentucky, where land values have advanced beyond the reach of the farmer of moderate means, I have associated myself with several responsible gentlemen in the state of Mississippi and am in position to offer some very attractive propositions to those seeking investments of this character, on easy terms, aided by the "Federal Farm Loan Act."

These lands, due to the short winter season, and long grazing periods are especially adapted to stock raising and diversified farming; are well located as to churches, schools, shipping points and markets; are situated on improved highways and are well watered, either by streams or artesian wells.

Almost every character and kind of crop that can be raised in Kentucky can be raised profitably in Mississippi.

Cheap railroad rates for home-seekers can be obtained by those desiring to look the situation over. I shall be pleased to give further information to any one who is sufficiently interested, that will call to see me or write to me at Stanford. HARVEY HELM.

OTTENHEIM

Mr. Leo Eyer got a new fire proof safe for keeping cool all his insurance policies.

Mr. John Wentzel ordered a lot of hand made wooden hay and lawn rakes. Something good. Come and look at them.

So far there is only one Star Spangled Banner floating here, and that is on Father Leo's property, i. e., Catholic Church.

Last Monday, Rev. Father Leo united in marriage at Milledgeville, Mr. Vincent Poolinger and Carolina D'horner, also Mr. Michael Seiler and Miss Emma Muggenthaler.

Mrs. Charles Trub has returned from Cincinnati, where she had her eyes treated.

Mr. Emil Henzen, the unfortunate man during last winter frost, will soon return from the hospital.

John Wentzel says everything is high, so he has to charge a little, whole lot more.

Mrs. Ida Kearns, who has been on the sick list for about nine weeks is improving.

There are ever so many parties in the race for County Attorney—but Rev. Father Leo, says—after all, we should stick to the old reliable one i. e., W. S. Burch.

Our telephone line from Ottenheim to Stanford, is in the finest condition. A person can die six times before you can call the doctor over said line. Maybe after a while we will have to appeal to Uncle Sam to help us out, if owners of lines can not do it.

Our mud road, that from Somerset pike on to at least Mr. Schlappi's place was to be fixed. But, gentlemen of the jury, drive over this road and behold the sight. Why, is nothing done to our roads? Whose fault is it? Please answer?

People from all directions are here to buy potatoes, but all are gone.

Mr. Fred Beyer, celebrating his birthday on the 22nd of April, entertained the following guests: Mr. and Mrs. Leo Eyer, Mr. and Mrs. John Wentzel, Mr. and Mrs. August Abt, Mrs. J. Foos, Mr. and Mrs. Emil Henzen, Mr. Emil Bless and children. They all say that they had a delightful time. Thanks to Mr. Fred Beyer.

There is no more war talk from either side since Rev. Father Leo published the article in the paper some time ago. No use in talking, plant all you can. Plant, to feed the nation.

Theodore Roosevelt, upon his return to New York from Chicago, declared he hoped, as Marshal Joffre had urged, that the people in this country would realize the necessity for sending a force to the French front without delay.

U. S. WHEAT SUPPLY

Recent estimates place the visible supply of wheat in North America at approximately 110,000,000 bushels; 75,000,000 bushels in the United States.

It also is estimated that there will be 430,000,000 bushels of winter wheat in the United States upon 40,000,000 acres planted. Estimates of spring wheat now being planted will be made on June 1.

All figures in the light of averages for the past years, indicate Canada and the United States should be able to produce more than 900,000,000 bushels of spring and winter wheat this year, upon a combined area of about 60,000,000 acres.

Spring wheat averages for the last few years make about 250,000,000 bushels for the United States, and 220,000,000 bushels for Canada the normal production.

Normally about 10,000,000 acres of wheat are planted in Canada each year. In the United States 19,000,000 acres of spring planted wheat, according to averages for recent years, is about normal, while the total acreage normally for both spring and winter wheat is about 52,000,000 acres.

500 INVENTIONS TRIED OUT

"It looks as though the submarine problem has been solved," said Mr. Saunders of the Naval Consulting Board, "not only in theory, but on the strength of practical tests on the Atlantic coast."

Mr. Saunders added that 500 inventions for U-boat suppression had been submitted for consideration of the board, and the experiments with many of them justified, he believed, the assertion that a plan had been found by which the submarine peril could be eliminated.

Mr. Saunders was unwilling to go into further details of the board's experiments, all data on the subject having been forwarded to Washington, but he said the public had a right to be informed of the progress made toward nullifying the depredations of the German undersea craft.

Orders have been received by the Seventh Internal Revenue district to reduce the surplus number of storekeepers and gaugers to 15 per cent.

THE PLAN FOR DRAFTING

Plans for the registering of men called to the colors under the Selective Draft Bill are being considered. The Governor will appoint a board in each county, which in turn will select three men in each voting precinct to conduct the registration. Louisville, Lexington, Covington and Newport will appoint their own.

This will occupy five days. Every man within the age limit fixed by the statute and call of the President must register. The exemptions will be made by the War Department afterward. These probably will include those with dependent families and those engaged in certain skilled and productive occupations. From those selected the number required will be called and examined.

It is estimated that considerably more than a quarter of a million Kentuckians will be registered during the five days. Badges of war census officers already have been shown, indicating that provost duty will be thorough in rounding up any who may undertake to escape the notice of the officers.

Judge W. R. Shackelford, of the Richmond circuit court, recently requested the mayor of Richmond to procure for him a list of the unemployed able bodied men, white and black, within the corporate limits of that city. The judge stated that he desired to call attention of his next grand jury to idleness and as a means of getting the attention of the jurors specifically called to the matter, wanted the exact number who are violating the vagrancy act. This is a capital move on the part of Judge Shackelford and it is sincerely hoped every circuit judge in the State will follow the lead of the Madison jurist. That an idle mind is the devil's workshop, there can be no doubt, and when a loafer is convicted of vagrancy, it is a hundred to one shot that a violator of some other law is punished at the same time. Attention is called to local conditions. We are informed by a responsible official that loafers are very numerous in this section, and if they can be convicted, and put to work, a good deed will be done for the community in general.

In Fayette county there is building a tuberculosis hospital to cost over a hundred thousand dollars and it hoped to be able to open for service July 1. The county subscribed twenty-five thousand dollars, but the larger amount is being raised by subscription and much of the money necessary is still unprovided. A campaign to raise the needed amount is being waged and people all over the section that the institution will serve are asked to subscribe. As provision will be made for taking care of the soldiers encamped there, the whole State should feel interested and help in the worthy undertaking.

James W. Hopper, for years an editorial writer on the Courier-Journal and previous to that editor of the Lebanon Enterprise, is dead in Louisville at an advanced age. He had been in feeble health for many years and his death did not come as a surprise. In the Courier-Journal editorial rooms Mr. Hopper was known as the "walking encyclopedia," such a store of useful information he possessed. He was highly educated and spoke several foreign languages fluently. A finer old gentleman never lived and the son and daughter who survive him have the sympathy of every member of the Kentucky press.

Ex-President Taft says there can be no permanent peace which does not provide for the utter elimination of the Kaiser, and he might have added without his entire annihilation. The Hapsburgs and Hohenzollerns must go along with the exploded fetish that kings rule by divine right. The fight is for democracy and against autocracy and it will not end until the people rule everywhere.

Arizona furnishes something new in coroner jury verdicts. A mob hanged a man who had murdered a husband and criminally assaulted his wife and a jury found that it was a case of "justifiable homicide committed by persons unknown to the jury." Mob law is rarely justifiable, but there will be no controversy that in this case the proper verdict was returned.

The Follen Unitarian church of East Lexington, Mass., taking advantage of the new law permitting farm and garden work on Sunday in that State, has decided to omit its morning services on Sunday during May and June, in order that its members may devote more time to their gardens. The pastor, Rev. N. Mark, has enlisted in the naval reserve.

A call for women volunteers for work as conductors on street cars has been issued by City Traction Commissioner of Cleveland. The statement is made that the street railway company is 200 men short and that the war draft will take a hundred or so more, so women are depended on in the crisis.

H. L. Calhoun, dean of the College of the Bible, at Lexington, severely criticized the finding of the Board of Trustees of the institution in which it held there was no ground for the charge that various members of the faculty had been guilty of destructive criticism, averring that the report was in the nature of a "white-wash."

Catarrhal Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarrhal deafness, and that is by a constitutional remedy. Catarrhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarrh, which is an inflamed condition of the mucous surfaces. Hall's Catarrh Medicine acts through the blood on the mucous surfaces of the system.

We will give One Hundred Dollars for any case of Catarrhal Deafness that cannot be cured by Hall's Catarrh Medicine. Circulars free. All Druggists, etc. F. J. CHENEY & CO., Toledo, O.

too so big it was murder to put on my shoe. I used knives and other things that ate off more of the toe than they did the corn. I'd cut and dig with knives and scissors, but now no more fooling for me. Two drops of "Gets-It" did all the work. It makes the corn shrivel and get so loose that you can just pick it right off with your fingers!"

There has been nothing new discovered for corns since "Gets-It" was born. It's the new way—the common-sense, simple, sure way. "Gets-It" is sold everywhere. 25c a bottle, or sent on receipt of price by E. Lawrence & Co., Chicago, Ill.

AN OPERATION AVERTED
 Philadelphia, Pa.—"One year ago I was very sick and I suffered with pains in my side and back until I nearly went crazy. I went to different doctors and they all said I had female trouble and would not get any relief until I would be operated on. I had suffered for four years before this time, but I kept getting worse the more medicine I took. Every month since I was a young girl I had suffered with cramps in my sides at periods and was never regular. I saw your advertisement in the newspaper and the picture of a woman who had been saved from an operation and this picture was impressed on my mind. The doctor had given me only two more days to make up my mind so I sent my husband to the drug store at once for a bottle of Lydia E. Pinkham's Vegetable Compound, and believe me, I soon noticed a change and when I had finished the third bottle I was cured and never felt better. I grant you the privilege to publish my letter and am only too glad to let other women know of my cure."—Mrs. THOS. MCGONIGAL, 3432 Hartville Street, Phila., Pa.

KEPT HER AWAKE
The Terrible Pains in Back and Sides. Cardui Gave Relief.
 Marksville, La.—Mrs. Alice Johnson, of this place, writes: "For one year I suffered with an awful misery in my back and sides. My left side was hurting me all the time. The misery was something awful. I could not do anything, not even sleep at night. It kept me awake most of the night. I took different medicines, but nothing did me any good or relieved me until I took Cardui.
 I was not able to do any of my work for one year and I got worse all the time, was confined to my bed off and on. I got so bad with my back that when I stooped down I was not able to straighten up again. I decided I would try Cardui. By time I had taken the entire bottle I was feeling pretty good and could straighten up and my pains were nearly all gone.
 I shall always praise Cardui. I continued taking it until I was strong and well." If you suffer from pains due to female complaints, Cardui may be just what you need. Thousands of women who once suffered in this way now praise Cardui for their present good health. Give it a trial. NC-133

ALL PEAVINE 4092
FEE \$15
 Now looks like the time to breed good horses. I am going to give the people a chance if they want it. I will stand the Champion Sire, All Peavine 4092 at \$15 to insure a live foal. I am not going to try and enumerate his produce that have won and sold for big prices, that is a well-known fact.
 At same time and place will stand two good jacks; \$10 for grey jack; \$8 for young grey jack. Money due in all cases when colt is foaled, mare traded or bred to other stock.
 R. S. SCUDDER, McKinney, Ky.
 The Espionage Bill was passed by the House with a modified censorship provision, after Administration leaders had lost an insistent fight for the retention of the original section aimed at the publication of news of value to the enemy. The Administration also suffered a defeat in the Senate, where the export embargo amendment was modified.

DO YOU DREAD WINTER?
 If every man, woman and child in this vicinity would only take one spoonful of

SCOTT'S EMULSION

after meals for one month, it would put vigor in their blood to withstand the rigors of winter weather and help prevent colds, gripe and winter sickness. SCOTT'S is a fortifying medicinal-food of particular benefit in changing seasons, and every drop yields direct returns in richer blood, stronger lungs, and greater resistive power. No alcohol in SCOTT'S.

KIDD'S STORE

Death of Mrs. Clay Wilcher, wife
of less than a year, was a shock to
all last Monday. Mrs. Wilcher was
Miss Emma Goode, a modest, cheery
girl of most lovable qualities.

Squire Edd Grubbs has sold his
stock of goods and good will to Tom
Statum and joined Judge Link Wells,
in his campaign of enlightenment as to
their deserts to succeed Dave Taylor
as sheriff. The incumbent whose ef-
ficiency wins comparison to Dave
Taylor will deserve fame.

The gloom of early spring was
temporarily cheered by a tide of em-
igration which included a liberal con-
tingent of the undesirables who never
work. The delusion that a degree
of effort to earn a living had inspired
the barnacles was short for "the
cats came back" and our last days
are gloomier. There are few places,
otherwise blessed as we, where rela-
tively such afflictions abound. And
the lusty loafers, suggestive of slug-
gish saurians sunning on tropical
sands, or mud turtles on logs, are
slackers, fit only for powder fodder
after vigorous employment at trench
digging for soldiers; illuminating il-
lustrations of necessity of conscrip-
tion.

Farmers as usual are grouching,
and never more excusably, far as the
veterans of the guild can remember.
Summer is at the door and there have
not been two consecutive days of
typical spring conditions. Never a
year that so little plowing could be
done first three months nor one
when April so thoroughly played role
of March in blow, bluster and general
cussedness—expiring in sunshine
and shower, followed by shivers in
overcoats, when not beside hot stove
or glowing grate. The forests never
so late leafing, pastures greening
and grasses so backward. A conserva-
tive old granger declares that in fifty
years he was never so late in begin-
ning his gardening; fully a month
later than average years and two
months later than some. Nearly ev-
ery day of April favored farm work
and conditions have been ideal enab-
ling thorough preparation for corn,
though many have not planted. At
this date, 10th of May, only slug-
gards, ordinarily, have not plowed
and replanted.

For a week temperature has been
about and below frost point every
night threatening fruits and tender
vegetables but clouds, fogs and winds
have averted immediate destruction.
Agents are active taking leases
here for oil and gas development.
About twenty years ago an Ohio com-
pany leased lands here proposing two
test wells. Barometric measurements
indicated a depth of 1,800 to 2,200
feet to level of the Ohio field. Work
was promptly begun on Chelf's
Ridge. At 60 feet a stream demanded
excavation. Beyond that depth 1,900 feet
were bored through dry rock when
water rose 1,500 feet in the well.
Presumably expenses of casing to
enable completion to proposed depth
of exploration disheartened and the
field was abandoned. The test well

on Adam Carpenter's farm was dis-
appointing. We hope the enterprise
will succeed.

Theodore Roosevelt, addressing
the Kings county Republican Com-
mittee at a banquet given in his hon-
or in Brooklyn evoked enthusiasm by
an appeal for patriotic devotion to
the nation, and asserted that to de-
lay sending men to the war theater
would draw the scorn of America's
allies.

Foreign Secretary Balfour, in an
address before the House of Repre-
sentatives Saturday, warned against
the hope for a premature end of the
war. President Wilson heard the
speech from the executive gallery.

England's meatless day has been
abolished because it was found that
the rule tended to increase the con-
sumption of bread, which is still too
high.

JACK and STALLION

bone and ears. Money due when

insure.

I ask your inspection and patronage.

one of the best Jersey bulls in the
country and I am standing him at a
very low figure. See this stock before
you breed. Care taken to prevent ac-

he is sure to be the coming champion.
He will make the season at my barn
on the Hustonville and Danville pike
at

\$10 to Insure a Living Foal.
Those who have mares should see
this fellow before they breed. He
has been a heavy winner since he was

ever was. Not responsible for ac-
cidents. Breeding to other stock or
trading off mare forfeits insurance.

DON VARRICK

Will make the season of 1917 at
my stable 1-4 mile from Crab Or-
chard, on the Singleton place, at \$10
to insure a living colt. Don Varrick
is a beautiful chestnut, 16 1-2 hands;
weighs 1,400 pounds, is compactly
built and has plenty bone and finish.
His colts show for themselves.

Will also stand at the same time
and place my saddle stallion

BLACK PRINCE

By Kentucky Peavine, out of a mare
by Old Preston. He is a coming
four-year-old, as black as a crow
and a good one. You should see him.
He will stand at \$10 to insure.

TWO GREAT MULE JACKS

Will also stand two great mule
jacks at \$10 to insure. One the well-
known Huff Dudderar jack and the
other, Jesse Fox, a fine fellow, 5
years old and a good breeder. His
colts show up nicely. See them both
before you breed your mares.

Will stand a fine registered Short-
horn Bull at \$2 to insure. Money due
in all cases when animal is bred else-
where or parted with.

W. R. GAINES, Crab Orchard, Ky.

ALMONT DARE

Almont Dare, 3228, is a rich red
bay stallion; 16 hands high with good
bone and fine style. Is extremely
fast both under saddle and in har-
ness. He is a full brother to Toxy
Dare that won the championship for
saddle bred brood mares at the Ken-
tucky State fair in 1914, defeating
Edna May and others and to Nettie-
ton that sold for \$3,600 and others at
\$1,500. He is the best one of the lot.

His colts have frequently defeated
the colts of sires standing as high as
\$75. Have sold his colts myself for
\$500. Others claim offers of \$1,000.
They also are the very best to use at
home, being large, fine, game, dura-
ble and kind.

Will make the season at \$10 to in-
sure live colt.

Bryan Breckinridge, my regis-
tered black jack, 16 hands with extreme-
ly large bone will stand for mares at
\$10 for mare mules and \$8 for
horse mule. Will also breed jennets
any month in year at \$10 to insure
colt. Have sold his colts for \$120 at
weaning time. Grass furnished at
\$2 per month and all stock entrusted
to me will receive my personal at-
tention but will not be responsible
for accidents. Season on the above
are due when colt is foaled or mare
bred to other stock or stock parted
with. All the above will make the
season at my place, two and a half
miles west of Hustonville, on Huston-
ville and Liberty pike. Pedigrees
furnished upon request.

S. T. POWELL, Hustonville, Ky.

Summer Colds Weaken

They are even more dangerous than winter
colds, for they hang on so long that they be-
come chronic catarrh. Heat and dust ag-
gravate them, cause the infected surface to
spread, and fill the body with systemic cat-
arrh. Neglect costs health and energy.

PERUNA EXPELS CATARRH

It does more—it builds up the weakened system, regulates the diges-
tion, removes the inflammation, overcomes the poisons of catarrh, and in-
vigorates all over. Forty-four years of success proves its great value, of
which thousands gladly testify.

Accept the verdict of two generations yourself. Don't be swayed by
prejudice, when your health is at stake. Take Peruna and get well.

Liquid or tablet form, whichever is the more convenient.

WHEAT IS WHEAT NOW

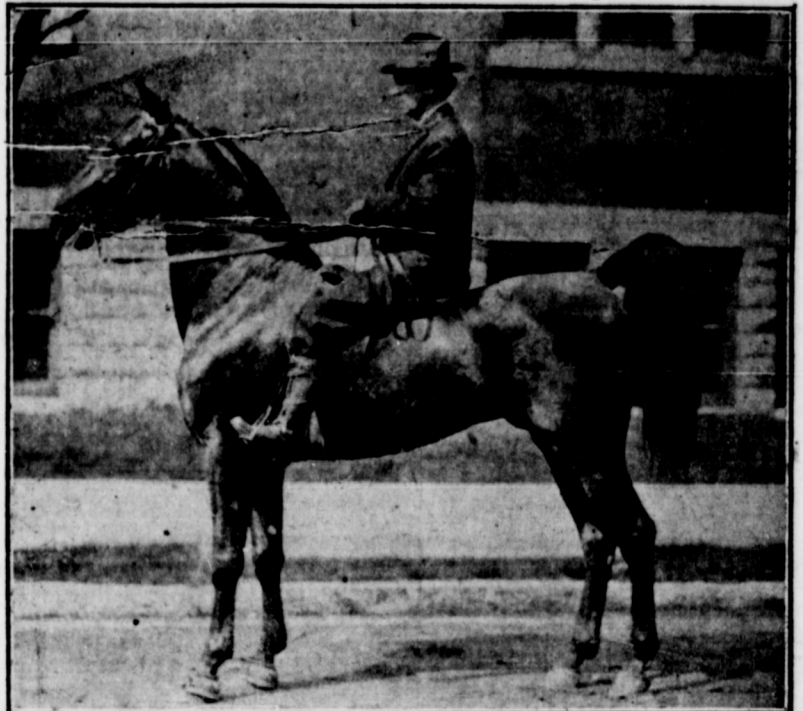

Wheat, now being sold on the
Lexington market by farmers at \$3
a bushel, has reached the highest
price known in the history of the
country. A Fayette county farmer
today driving to the Lexington roller
mills in a little spring wagon with
two sacks of the grain, sold them for
a total of \$22. Very little wheat is
being brought into the local market,
however, and dealers say they believe
very little is being held back by the
farmers.

The highest price recorded previ-
ously was in March 1867, when
wheat sold for \$3.85, Government
note, valued at \$2.73 in gold. Before
the opening of the present war, in
July 1914, wheat sold for 75 cents.

At the opening of the War of the

Revolution wheat sold for 93 cents
a bushel. After the close of the war
it advanced to \$3. After the close of
the War of 1812 wheat sold for \$2.85
a bushel, this price being paid by
millers in 1817. In 1861 wheat was
selling for 62 cents a bushel. In 1864
it had advanced to \$2.28. At the end
of the war in 1865, it sold for \$1.54.

Two thousand acres of the Elmen-
dorf estate, including some of the
finest lands in the immense tract of
the late James B. Haggins' holdings,

finally completed in New York on
Friday. Mr. Madden paid about \$250
per acre for it.

Rowland Peavine

No. 6053

Denmark 840.

Rowland Peavine is a rich chestnut, with star and snip; stands
15.3 full; weighs 1100 pounds; five years old. As you will see from
the above breeding, he has the blood of the best show horses Ken-
tucky has ever produced, and is one himself. You should see this
horse before booking your mare.

You rarely ever have the opportunity to breed to a horse as
fashionably bred at the small fee of

\$20.00 TO INSURE A LIVING COLT

Foreign demand has taken over one million horses from this country, and we may expect better prices for our horses in the future. Our advice to mare owners is to breed their mares and to breed them to stallions of merit and proven worth as sires. Bleucher is just the type to produce the colts that will supply the demand. His colts have proven fine, with nice head and neck and plenty of bone and conformation.

THE NEW DE LAVAL

NINE separator users out of ten

turn the handles of their ma-
chines too slowly, and when this
is done, the cream will be thin,
but the thickness of the cream will
vary.

While it is possible to adapt the
capacity of the machine to the speed,
it is not desirable to do this be-
cause even if fairly clean skimming
is accomplished at varying speeds,
the cream will not be uniform in
thickness.

There is only one satisfactory so-
lution, and that is to make it prac-
tically impossible for the operator to
run his machine at any but the
proper speed.

Every NEW De Laval is

"I can drink coffee now without having heartburn," said J. H. Curtis, member of the famous "Curtis Salve." Mr. Curtis lives at 205 Washington street, Georgetown, and is well known personally all over Kentucky. For thirteen years he taught school and for the past four years has been in the post office at Georgetown.

"I had trouble with my stomach for several years, and I never had anything help me so quickly as Tanlac," says Mr. Curtis. "After meals I had a burning sensation in my stomach, and sometimes a sour taste in my mouth. I bloated a good deal from gas, and had a suffocated feeling. "Once in a while I had a dizzy spell. I had tried different things, but nothing did me much good until I tried Tanlac.

"Some of my friends have asked me about Tanlac. I have told them I think it is a fine medicine. I shall not fail to recommend it for it has given me great relief. I can rest well nights and seldom have that tired feeling in the morning. I can eat or drink most anything now."

Tanlac is sold exclusively in Stanford at The Penny Drug Store, E. R. Coleman, Proprietor.

Tanlac can now be obtained in following nearby cities: Moreland, Abraham Minks; Hustonville, Adams Bros.; McKinney, True & Co.; Ellisburg, Joe McWilliams; Middleburg, W. C. Bryant; Crab Orchard, Lyne Bros.; Brodhead, John Robins; Lancaster, R. E. McRoberts; Bee Lick, J. Reynolds & Son; Waynesburg, W. A. Horton.

CRAB ORCHARD
 Mr. Charles Snyder, of Louisville, visited our city Saturday and Sunday.

The young folks will enjoy a dance at Crab Orchard Saturday evening, the 12th.

Our Postmaster Gooch is visiting his brother in Indiana and enjoying his vacation very much.

Dr. J. G. Carpenter was here Sunday to see Mrs. Manuel and thinks she will soon be up again.

Mr. Edward Edmiston, who is in business in Cincinnati was home Sunday to visit his parents and brother.

The Christian Sunday School had 105 present last Sunday and you ought to have seen Supt. Skiles smile.

Mr. Andrew Dillon has rented of Mrs. Bird Magee the room next to his store, which he will fit up for an ice cream parlor.

Mrs. Emma Farris went to Mrs. Robert White's this week, and will probably remain a couple of weeks in the country.

Rev. Pervis, of Christian church, preached fine sermons Sunday morning and evening to a large audience that were interested in his subject.

Members of the Christian church, please send in your cakes, cream or money for the strawberry and ice cream supper to be served at the graded school building on the evening of Monday 14th. Everybody invited.

Mrs. Culton brought Mrs. Margaret Sparrow and son from Louisville last week, who will remain with her some weeks. Mrs. Sparrow is not well. They have moved into Mrs. Culton's house which is ready for occupancy.

Sunday is "Mother's Day" in all the churches. Go to church some where and wear a flower in remembrance of her who taught you that it was good to be in the house of the Lord. She will be with you though perhaps not seen. Keep her alive in your life.

On Monday evening the 14th at the Graded School, Miss Esther Burch, of Stanford, will have her closing exercises in expression and it is free to all, and everyone invited to attend. Miss Burch certainly has done some splendid work in her line here and we only wonder more have not taken advantage of her instructions than have. We have lots of fine talent here that needs to be cultivated, and with such an instructor as Miss Burch could be accomplished with the young folks.

We wish to drop a suggestion to the candidates not to bother or molest the farmers until they are done planting corn, as their time is more precious than gold.

MOTHER SUPERIOR
 Says Vinol Creates Strength

Rosary Hill Home, Hawthorne, N. Y.

"I have used Vinol for many run-down, weak or emaciated patients with benefit. One young woman was so weak and ill she could hardly creep to my door for aid. I supplied Vinol to her liberally and in a month I hardly recognized her. She was strong, her color charming and her cheeks rounded out."—MOTHER M. ALPHONSA LATHROP, O. S. D.

We guarantee Vinol to sharpen the appetite, aid digestion, enrich the blood and create strength.
